RD77 ROLLER GARAGE DOORS

For the perfect blend of style, security, functionality and affordability, our RD77 range is exactly what you're looking for.

Perfect for larger or double garages, these roller doors are compact, secure and efficient. They maximise space in your garage while being completely simple and intuitive to operate. In fact, every aspect of the RD77 range is built to improve and enhance your lifestyle.

Whatever style you prefer, RD77 roller doors come with a huge range of colour options to match your precise requirements.

Read more about these on pages 8-10, and don't forget to visit www.rollerdor.net for an instant estimate using our price calculator.

ABOUT THE RD77 RANGE

Our RD77 roller doors come in four ranges :

DIY - Take installation into your own hands with help from our detailed step-by-step guides - which you can find at www.rollerdoor.net. This range is fantastic if you're on a tight budget but don't want to compromise on quality - and comes automated with a two year parts only warranty.

Classic - Installed for you by our garage door experts, the classic range brings smooth, stylish performance to your garage. These doors comes with automation as standard, with a **two year parts and labour warranty**.

Superior - Fully installed by our team, our Superior doors are equipped with a one press open and close **wireless safety system** and an internal courtesy light. In addition to these excellent features, the **five year parts and labour warranty** gives you complete peace of mind.

Executive - The executive range comes with all that the superior range offers - and more. It's the ultimate mix of convenience, security and function, with **Secured by Design accreditation**, full Somfy® motor integration as standard, pre-installed intruder alarm and a **full five year parts and labour warranty**. What more do you need?

RD55 ROLLER GARAGE DOORS

Ideally suited to single sized garages, our slimline RD55 range allows you to maximise space both inside and outside your garage. The maximum total width of an RD55 door is up to 8ft, including the frame, so it's truly built with scale in mind.

While compact, our RD55 range doesn't skimp on security or functionality. All RD55s are strong, robust and provide smooth, easy operation that will last for years to come.

If you'd like to see some of the wide variety of colours available for these doors, head on to pages 8-10, and make sure to visit www.rollerdor.net for an instant price using our onsite calculator.

ABOUT THE RD55 RANGE

Available in three ranges, here's what you can expect from our RD55 roller doors :

DIY - Great for budget buyers who want to handle installation on their own, our DIY RD55 doors come with a fixing kit and in-depth installation guides to ensure a perfect fit every time. You can also find and download detailed step-by-step guides at www.rollerdor.net. Our DIY doors come with automation and with a **two year parts only warranty**.

Classic - Our classic range is installed by our team on your behalf, and offers smooth, reliable operation with all the style you need to make the most of your garage. Comes automated with a **two year parts and labour warranty**.

Superior - The feature-rich superior doors come equipped with a one press open and close wireless safety edge system and an internal courtesy light as standard - with many optional extras to choose from, too. Combine all that with a **five year parts and labour warranty** and you've got a garage door that truly enhances both your home and your lifestyle.

WHAT MAKES A ROLLERDOR

Learn a little bit more about what goes into a Rollerdor.

SLATS

Made from double-skinned aluminium, our roller door slats come with a high-density, foam-filled insert for effective insulation, and are made to measure to ensure a perfect fit.

RD55 slat sizes: 55mm high, 8.2mm thick

RD77 slat sizes: 77mm high, 18mm thick

BENEFITS OF DOUBLE-SKINNED ALUMINIUM SLATS

- Improved insulation
- Strong physical barrier
- Effective deterrent for break-ins
- Reduces sound pollution
- Quiet, smooth function
- Protection against volatile weather
- Increased protection from UV and infrared rays

All parts of a Rollerdor garage door are made from powder-coated or painted aluminium with rubber seals on the base rail for extra protection. Visit our website www.rollerdor.net to learn more about the dimensions of our roller doors.

ABOUT OUR ROLL HOUSING

Fitted either above or below the lintel of your garage opening, our aluminium roll housing will protect the internal mechanism of your garage door, and provide a compact appearance when the door is fully open.

It also reduces the risk of fingers, ties, hair or clothes being caught up and pulled by the mechanisms.

Our roll housing brings extra security and weather protection to a garage door, and you'll find it simple to install if you opt for our DIY range.

Both roll housing and guide runners come in white or brown as standard, but a colour match option is available as an optional extra.

TAKE CONTROL WITH ROLLERDOR

Through the construction of our doors and the integration of the latest cutting-edge technology, our roller doors strike the perfect balance between security and convenience.

ROLLERDOR AND SOMFY

We're proud to have partnered with Somfy - a world-recognised automation and security company - to supply a range of their controllers, motors and home automation products.

Our RD77 Executive doors come with Somfy motor upgrade as standard, and as an option with some RD77 Superior doors. Somfy controllers not only improve the convenience and basic functionality of your doors, they also incorporate an intruder alarm to help maximise security. With Somfy and RollerDor, your life is made easier - and safer.

Rollerdor offer a range of doors with Secured by Design accreditation, giving you peace of mind that your property remains secure - visit www.rollerdor.net to learn more.

SECURITY AND ACCESSIBILITY

We put control firmly in your hands. Our range of hardwired extras. These switches are installed either inside or outside your garage, letting you open and close your door without the use of a handset.

ROCKER SWITCH

- Door can be operated without a key
- Good for people with impaired grip/ arthritis
- Can be used by anyone within the garage

KEY SWITCH

- Limits access to key-holders only
- Reduces the chance of the door being activated accidentally
- Offers extra access without the need for additional key handsets

GO WIRELESS

We also offer wireless alternatives. These are much quicker to install and are the ultimate in convenient and disruption-free accessibility options. We supply:

- **Wireless key switches** - All the benefits of hardwired switches, but can be installed anywhere in the garage. Choose whatever location works best for you!
- **Wireless push buttons** - Can be wall mounted at the back of a garage to operate the door without need of a key handset.
- **Wireless keypads** - Allows access only to those who know the code. No need for multiple keys, and the absolute best in access control.

DO IT YOURSELF

Our DIY option is a straightforward process that lets you take care of installation at your own pace. We deliver your door complete with a fixing kit and a clear, easy-to-follow installation guide for your chosen door.

To help you on your way, we also have a huge range of user guides, measuring guides, instructions and video tutorials available - just visit www.rollerdor.net and start browsing!

LEAVE IT TO US

Prefer to let us handle the heavy lifting? Our fitted service is the fastest, simplest and most efficient way to enjoy a RollerDor garage door. With a fitted service, we deliver and install your garage door for you, ensuring a perfect fit without any disruption to your property. Plus, you'll get a minimum 2 years parts and labour warranty along with it - for complete peace of mind!

Whatever service you choose with RollerDor, we're on hand to help at every stage.

Need to know more specifics about the RD77 or RD55 doors? Interested in our Executive range? Or want to learn more about guided self installation? Our team of specialists will be happy to discuss your garage door needs with you, so don't hesitate to get in touch with us on: **0800 030 9729.**
