BRYAN THOMPSON WINDOWS

Supplying & installing windows & doors across Lincolnshire for over 35 years

Bryan Thompson Windows was founded in the late 1980s by Bryan Thompson and his wife, Lynda. Starting from his garage at his Holbeach home, he manufactured and supplied bespoke wooden windows and doors. They soon realised a bigger workshop was needed to keep up with demand. He opened a new show room/workshop in Battlefields Lane, Holbeach.

The company later began to specialise in uPVC products, recognising these as they became the popular choice for home owners requiring affordability, high security and easy maintenance.

In 1993, Bryan and Lynda opened their new show room and offices at 27 Boston Road in Holbeach.

Fast forward to today and the company is run by Bryan's son, Ashley, and his wife, Rebecca and they employ over ten local members of staff.

CASEMENT WINDOWS

Safe & Secure Windows

Unlike other uPVC window systems, our windows provide high thermal efficiency which hasn't been achieved at the expense of strength or security – the range is accredited with both PAS 24 Enhanced Security and Secured By Design status, assuring you of the highest standards.

“ Always wonderful service from Bryan Thompson. This company operates the way all smaller businesses should ”

- Mr Ashby, Google

“Excellent company, the staff are simply the best and so helpful. Top quality products and work.”

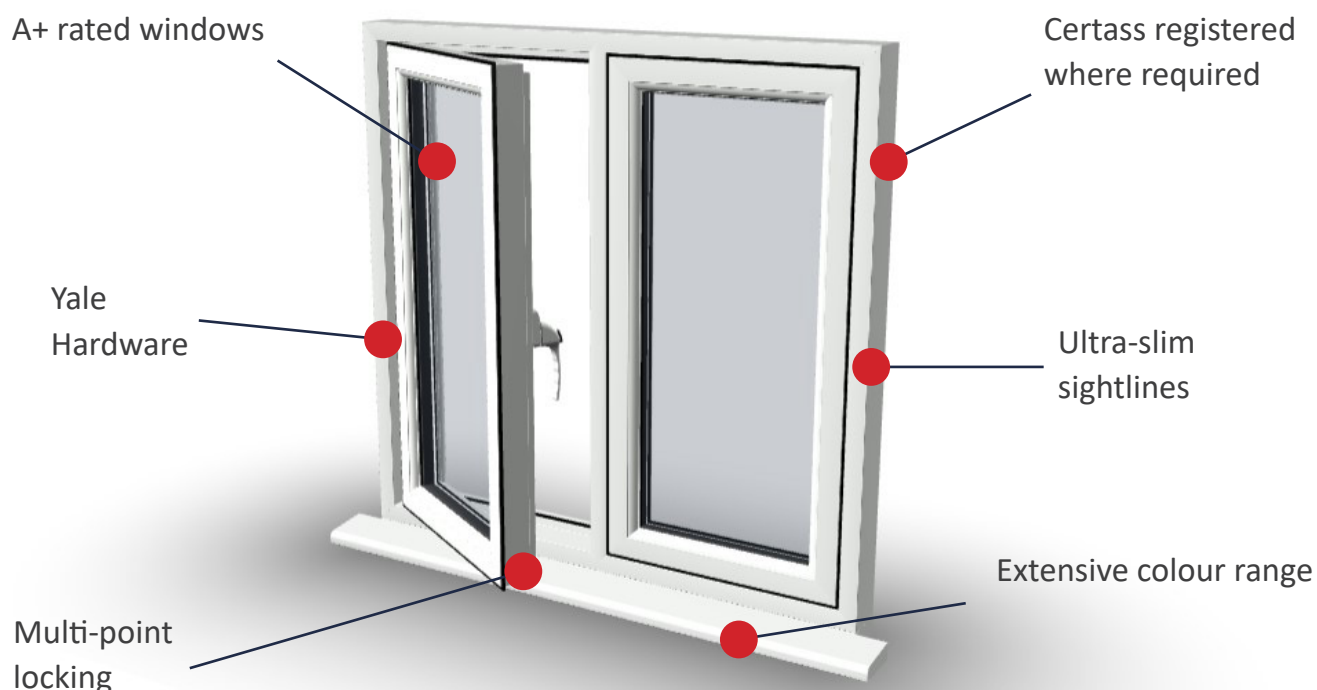

- Ms Parker, Google

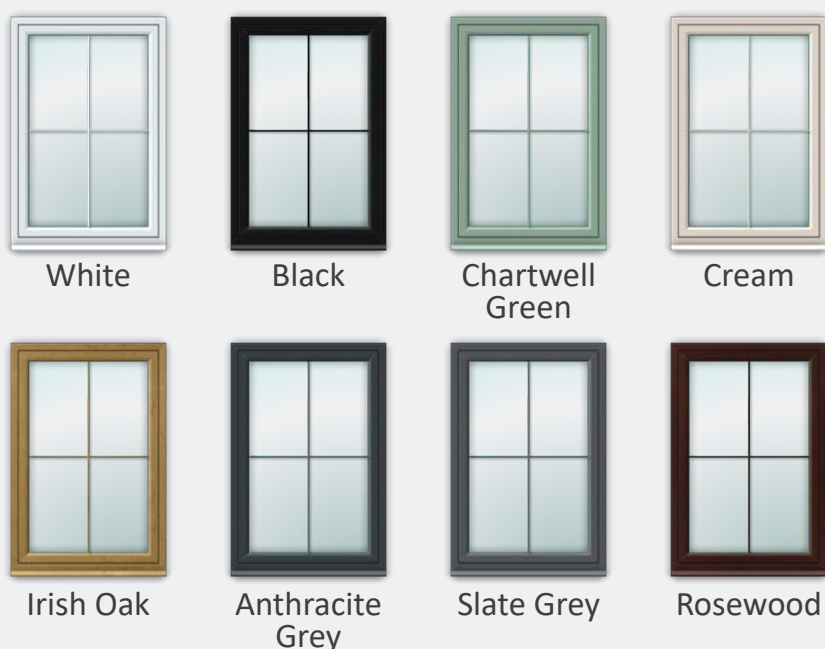

FLUSH CASEMENT WINDOWS

Looks like timber, manufactured from uPVC

Our fantastic range of Flush Casement Windows replicate the original features of timber casement windows more accurately than rival products and give superior thermal performance, too.

HALLMARK COMPOSITE DOORS

Your style, your colour, your composite door

People may say that the front door is the most important part of your home. It's the last thing you see when you leave your home and the first thing you see when you get back. We take our front doors very seriously here at Bryan Thompson Windows and that is why we only offer the finest doors on the market.

CONFIGURATIONS

ALUMINIUM BI-FOLD DOORS

Slim and sleek folding doors

Aluminium Bi-folding doors are becoming more popular than ever, thanks in part to their ability to enable an indoor space to flow and feel like it extends outdoors. Timber is often perceived as the only material that can be used for bi-folding doors, but doors made from aluminium can actually offer many more benefits.

FRENCH DOORS

Open your home to the outside

Perfect for almost any home, our range of uPVC French Doors really do open your home to the outside. Whether it's a porch, kitchen, lounge or even a Juliet balcony on a bedroom, they have a sleek appearance that also uses the same profile as our windows.

“Customer service was absolutely fantastic, could not fault them, they went above and beyond to look after me.”

- Ms Summerfield, Google

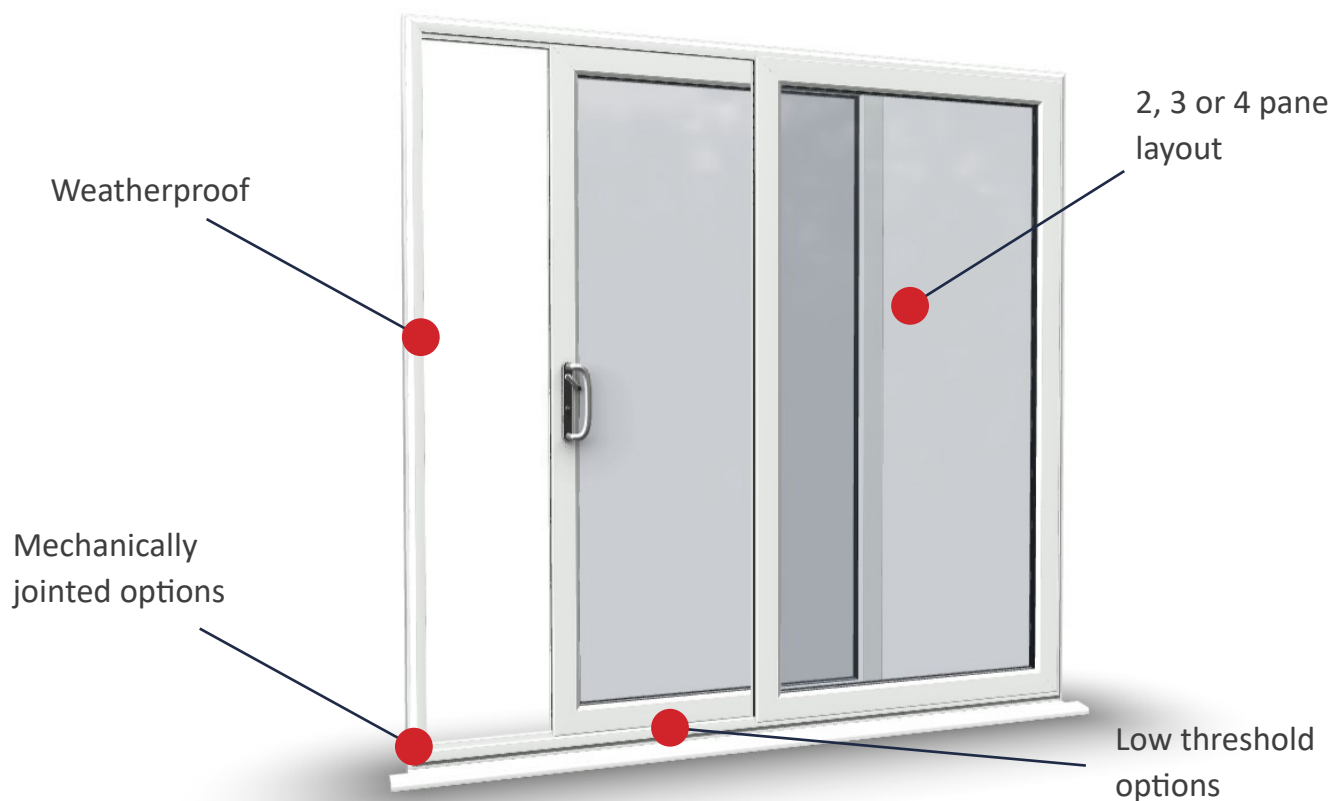

“We are delighted with the windows and doors and would highly recommend Bryan Thompson windows.”

- R Bridge, Google

PATIO DOORS

Let the light flood in to your home

Whether they link your home to your garden, your conservatory or another room, Bryan Thompson Windows' range of uPVC Patio Doors are perfect for every home. Every door is available in 2, 3 or 4 pane layouts with the largest 4-pane styles offering a span of almost 6 metres - excellent for letting the light flood in to your home.
